3) Time and Space

Simplexity

5) OOP I and 2

2) Functional I and 2

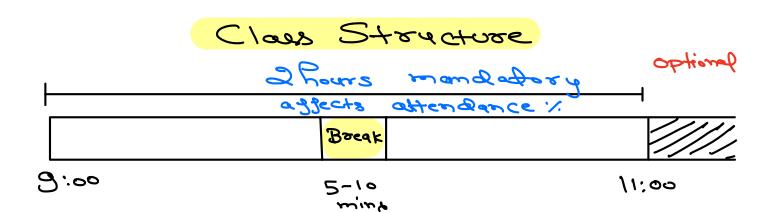

Programing I and 2

D) Exception

Randling

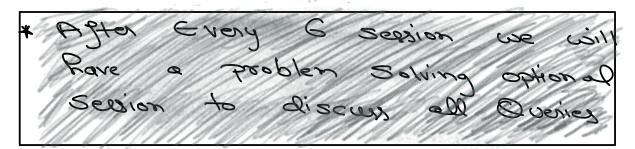

Andling

D) File Randling

- (troppadduri N) Etusm ubisse H @
- D Homework (optional)
- D Extra Ouestions Coptional)

Descended Assignments impact PSP which is one of the key metric used by hising managers along with attendance %

* PSP = Problem Solving %

Dempiled + interpreted

Sylecode

CPU

Therpacter

Line by line

Object > FCC

Str int Glood bool None Complex

D First Class Citizen

everything in python is object with equal rights

De can pare them to ganctions as angument,
retorn as Outsut

Object FCC

Ploat bool None Complex

Functions Clay

HOF

Decorator

D Ereaything in python in instance of object Class

instance. Junction < Method

+

Mutable va immutable

List Str

Set int

Dictionary Glood

bool

tople

etc

3) Mutable when updated does not change I memory locations

Stays Same

D'Immutable when updated changes

D'Inemery location changes

as well
